

ANNABELLE'S CANINE STATION

VACCINE POLICY & WAIVER

Annabelle's Canine Station requires all dogs receiving services to have proof of the following current vaccinations:

- **Rabies Vaccine (Required by Law)**
- **Distemper Combination Vaccine (Required)**

In addition, we highly recommend the:

- **Bordetella Vaccine (Kennel Cough – Recommended)**

The Bordetella vaccine helps prevent kennel cough, a contagious respiratory illness caused by the bacteria *Bordetella bronchiseptica*. This vaccine is strongly recommended for dogs who regularly come into contact with other dogs (during grooming, daycare, or training). Depending on the risk level, it may be administered annually or semi-annually.

Acknowledgment of Responsibility

I understand that AnnaBelle's Canine Station highly recommends the Bordetella vaccine. By declining this vaccine, I accept full responsibility for any illness or condition my dog may contract while at AnnaBelle's Canine Station. I further agree not to hold AnnaBelle's Canine Station, its agents, or staff liable in any way for any illness or injury related to the lack of this vaccine.
